

Education Department Mission and Goals

The Education Department seeks to provide a meaningful educational experience that prepares students to transfer to four-year institutions or prepares students for productive roles in education, fitness and wellness, and related professions. Furthermore, the Education Department seeks to provide service to the college and community through high-quality programs, courses, and services, using skilled faculty and staff.

The Education Department supports its mission and the mission of the College through the following goals:

- To provide high-quality educational programs that parallel university curriculum.
- To prepare students to transfer to a four-year college or university.
- To provide a program of technical education through certificates and degrees that prepares students for educational or other professional settings.
- To provide high-quality educational courses in support of the College's Associate of Arts degree.
- To provide high-quality educational programs and courses that are widely accessible through a variety of delivery mediums.
- To assess the effectiveness of the department's programs, courses, and teaching methodologies through outcomes assessment.
- To attract, retain, and support qualified faculty who are committed to masterful teaching, distance learning methodologies, technology, and student success.
- To provide comprehensive student advising for the department's educational programs.
- To provide service to the college and community.
